GRANGE MEETING

Mattapoisett Grange held its bi-monthly meetin Thursday night. Invitations were received from O-Ne-Set Grange to visit with them Monday night, June 14th, and Acushnet Grange for June 15th. Pomona officers will fill the chairs at the next meeting of Mattapoisett Grange, June 17th, with Mr. and Mrs. Leonard Randall as hosts.

The worthy chaplain, Rebecca Downing, conducted the Memorial Service, assisted by the three Graces, Jennie Toolis, Ada Furtado and Ruby Barber, who read poems. A poem also was given by Earle Wilson and soloist was Norman Roylance, accompanied at the piano by Walter Caswell. As "Flora" placed the flowers on the altar the names of John F. Denham, Ethel Sherman, Frederick Manning, Ralph Dunn and Gertrude Rowland were read from the records by the secretary, Ruth Shaw.

Mrs. Barber reported on the trees planted, one in Shipyard Park and one on the Grange grounds by John Denham.

Cupcakes and brownies were sold from the Hom and Community Service table. Happy Birthday was sung to Mary Costa and Walter Vaughn.

Election of officers for 1966 was held and those elected to serve are the following: Mildred Le Baron, master; Barry Denham, overseer; Otto Kellish, steward; William Hinckley, assistant steward; Rebecca Downing, chaplain; Lemuel

Congratulations!

We salute each member of the class of 1965. To each of you this is a new beginning. The accumulation of knowledge is the work of a lifetime. May your high school work open your mind, broaden your goals and serve as a bridge to a rich, full life. In this rapidly expanding technology, you are the force of the future. You carry the hopes of your parents and of us all.

consecrated service given to the Meeting by the late Mr. and Mrs. Joseph L. Hiller, in services at the Meeting-House on Memorial Day.

A special occasion was the dedication of six shrubs at the entrance, which were donated by Hilltop Friendship Circle, the women's group, as a tribute to the memory of Mr. and Mrs. Hiller. Mrs. Helen Winslow decorated the pulpit area with Spring flowers. Mr. Wilson has been with the Meeting over fifty years, so he was well fitted to speak on the important, yet always simple and unostentatious services of Mr. and Mrs. Hiller. He referred to the huge bags of popcorn, which Mr. Hiller arose early to pop; his transportation of the pupils, and also transporting and furnishing goodies on such special occasions as picnics and Christmas parties.

Mrs. Hiller was an accomplished musician, and she served as organist many years. She took special pleasure in teaching hymns to children, and one of these, "In My Heart There Rings a Melody", was sung by the congregation. Mr. Hiller's favorite Psalm, the 91st, was read, as well as Proverbs Chapter 31, which Mr. Wilson considered appropriate to a woman of Mrs. Hiller's attainments. In the congregation were Mrs. Ruth Martocci, daughter of Mr. and Mrs. Hiller, and her husband, Mr. Frank Martocci. There were guests from New Jersey, Florida and New Hampshire. Mr. Benson, a former East

Mattapoisett resident, now of New Jersey, took several moving pictures, following the service.

Included in the 17 Hilltop Friendship Circle members present, were the two women who have served as president, Mrs. Marian S. Hatton and Mrs. Ruth W. Shaw.

This group was organized February 10, 1960. Mrs. Hatton served as president until May, 1963, when she moved to East Washington, New Hampshire, following the death of her father, Albert Hiller, She was succeeded by Mrs. Shaw, the present president. Mrs. Cynthia Power is treasurer; Mrs. Edna L. Borden is secretary; and Mrs. Marjorie H. Wilson is chaplain.

Mrs. Hatton officiated Sunday as organist and soloist, bringing the remark from Mr. Wilson that it seemed "like old times".

Included in the membership of Hilltop Friendship Circle are two overseers of the New Bedford Monthly Meeting, Mrs. Dorothea LeBaron of Mattapoisett, and Mrs. Edna L. Borden of Marion, who is also an Elder.

The next Circle meeting will be held on June 15th, when members will serve a covered dish luncheon at the Sunday-School rooms.

MONDAY, JUNE 14

A VITAL MATTAPOISETT CHOICE

The Zoning Plan which will be brought to a vote at the special Town Meeting in Mattapoisett on Monday, June 14th, could mark a turning point for the town. In this proposal, the residents of the town are asked to relinquish control over their homes, land and businesses and to place themselves under detailed regulation of a set of zoning by-laws. The change is from personal to collective rule and as such it is one of major impact. To make such a step, we should be convinced that any and all regulations that the town may adopt have been most carefully designed so that our people can live with them with the least regret. We must be certain that any such laws are necessary and in the best interest of our people. This is the most important decision ever faced by Mattapoisett people. Every voter should cast a vote.

Mattapoisett has enjoyed the most desirable growth. The improvement of our town has been

in progress for a number of years. It has been uncontrolled, individual improvement by property owners. Almost every home in the village has undergone progressive improvement for a remarkable evolution. It has been owners' pride that has made Mattapoisett one of the most attractive towns on this coast - not decree by any committee. New developments of homes have been attractive and of high standards - guided by local builders of taste and pride.

Because of the character of the people, the location and the charm of the village our town has attracted new families who want the kind of life that is here. The town is growing and the growt promises to accelerate. We are now asked to consider control of all property. While we shou take care to maintain the character and the beau of the town, we should not rush ourselves into any set of regulation which could be a tragic, unnecessary burden for the future residents. The wrong laws could do irreparable harm because, once on the books, they are impossible to erase and hard to rectify.

On May 17th, the Planning Board held a hearing on the proposed zoning proposition. At that time, a number of responsible residents attended to comment and to offer constructive suggestions. It became apparent at that hearing that the Zoning Plan was a stock item. It was not designed for this town. It is a general collection of regulations and only the addition of a map of Mattapoisett made it have any relation to our town. While many of these laws might be applied to Mattapoisett, if needed, others promised nothing but harassment for both home own-

ers and owners of business. Even more serious, the zoning map seemed to be designed to halt the growth of Mattapoisett.

The area off North Street which is set aside for light industry has for its heart the town dump. Any person familiar with the terrain surrounding the dump knows that it is a swamp of muck and water. A more unsuitable spot for industrial foundations could not be found anywhere in the town. Under questioning, the spokesman for the zoning plan admitted to the opinion that 'Mattapoisett is no place for industry". It became clear that the site had been selected to prohibit industry from building here. It will do this very effectively. Those who regard light industry as a desirable source of jobs and tax income may well wonder at this device to shut out all possibility of this kind of development.

Many businessmen expressed concern, at the hearing, with the very limited business zones as set up to be part of this proposed zoning law. This is important because it means the difference between economic development or economic stag-

nation for the town. The business zones, as drawn for this proposed law, set up boundaries which are unrealistic for our future and penalize the many business people who have been operating here for years. The business sections designated on the map are meaningless because: 1, no investigation has been undertaken to determine if the areas marked for business are available; 2, because the severe limitation of the business districts would drive land prices out of reach and 3, because they ignore a basic rule of commerce. To illustrate this last point, a new place of business opened this Spring in Marion. In that town, Burr Boatyard is ideally located (from the Master Planners viewpoint). It is off Route 6 and yet is close enough to the highway for easy access of customers. This Spring, Burr Boatyard opened a new store which the proposed zoning law would make difficult or impossible in Mattapoisett. The new store is on Route 6. It might be termed an eyesore by those who are offended by the sight of boats and it might be a traffic hazard because of the customers who will enter and leave. The best thing you can say for it is that is an ideal business location. It is the worst kind of planning according to the chairman of the Mattapoisett Planning Board who stated, "good business development does not take place along the highway". However, businessman Burr knows that successful business locates where the customers go by - on Route 6. Planner Burr can advocate the elimination of business on Route 6 in Mattapoisett. Businessman Burr built where he can attract the most new customers, on Route 6 in Marion - both at the same time.

In Mattapoisett, business development has be equally realistic. Like Burr Boatyard, Mattapoisett businessmen have located where the customers go by. Perhaps boundaries should now be drawn but we must be certain that they are adequate, fair and realistic. Business will go where it is wanted. Most towns welcome business and go our of their way to attract new business. Should we adopt a law that will make Mattapoisett an impossible place for a business to locate? We can do it. All we have to do is zone boundaries so tight that land prices will be out of reach, and prevent business from locating near the traffic. All we have to do is adopt a law placing dozens of existing businesses in an artificial residential zone so that they can be controlled and harassed. The zoning laws, as presented, would cut the existing business district to less than half its length. At the same time, it is represented as a plan for the future in a rapidly growing town. We drive out our businessmen at direct peril to the tax rate. Make it hard for businessmen here and they will find a spot in the next town - probably on Route 6.

The proposed zoning law would be used as a weapon in still another sector. Swamp land has been set aside for light industry in order to keep industry away. Other swamp land, equally un-

fit for building purposes, has been designated (R1) requiring 20,000 square feet of lot size. This large lot size does not indicate that the land is good to build on or even fit to build on. It is meant as another prohibition. The zoning law seems to prohibit industry, curtail business and finally would be employed to prohibit or curtail the building of homes. Building on undrainable swamp land could be prevented honestly, in the open, by our Board of Health. Why should we have to employ this undercover way to accomplish the same result? Let's be honest. If the land can't be drained it is unfit for building. Why hide the truth under a mass of regulations that will apply not only to swamps but to all (R1) areas as well? The people of this town are intelligent and have successfully managed their own property for over 100 years. They are not suddenly mentally incompetent in the year 1965. When it is necessary to guide and control, we should do what we have to do but we don't want to be deceived .

The only motive that most of us have in this

matter is a love for Mattapoisett. This proposed zoning law was not designed for Mattapoisett but is a standard form taken off the shelf of some bureaucrat. It is presented to us with no real application for our town. We should reject proposed laws which are intended not as a reasonable guide but which are, in fact, unwarranted, unnecessary control over our affairs. This particular law would not regulate growth so much as it would strangle it. If we should adopt this zoning plan, we may well create more problems than we have ever faced before.

Mattapoisett has regulated lot sizes. We hav increased this size. We have a trailer regulation. There is now indication that we should move to increase our regulation of the town's growth. We should, however, do this with extreme care. There is nothing worse than a bad set of laws that so poorly fits the needs of the town that it requires constant application to the Board of Appeals. Every suggestion, at the zoning hearing, was countered by a standard reply, "you can take it to the Board of Appeals". If th proposed law was a workable one, then the Boar of Appeals should have a minimum of applications. Should this zoning plan be made law, there is every indication that they will be swam with appeals.

This zoning proposition, in its present form, is a thing to be considered with extreme care. It is the most far reaching regulation ever presented to this town. If adopted, it could change the nature of Mattapoisett for all time.

If the town rejects this particular zoning proposal, there will be ample time to design such zoning as the town needs - specifically for Mattapoisett. The Mattapoisett Selectmen could be requested to form a committee of Mattapoisett residents and businessmen to investigate our problems and design such tailor made zoning as needed to guide Mattapoisett's growth - not stop it. This might be done and presented to the townspeople at the next regular town meeting.

GYM MEET AT HIGH SCHOOL

Fifty-eight 7th and 8th graders participated in an eight event gymnastic meet recently at the Old Rochester Regional High School. The girls could sign up for as many events as they wished. They were responsible for several skills under the eight events. The participants were judged on a 5,4,3,2 and 1 basis. First, second and third place ribbons were given for each event. The official scorers were Nancy Monteiro, Cheryl Heath, Marion Gibbs, Nancy Swanson and Gracia Hillman.

The results were as follows: horse and springboard, Deborah Jones, first; Donna Moreau, second and Karen Randall, third; Swedish box, Christine Prunty, first; Patricia Andrade, second and Diane Gifford, third; uneven bars, Christine Glaeser, first; Karen Randall, second and Rosita Faber, third; buck, Christine Glaeser, first;

ACCEPTED AT COLLEGE

M. Stephen Parker, son of Mr. and Mrs. Tyrus L. Parker of Winatuxett Beach Road, Mattapoisett, a member of the graduating class at Laurelcrest Preparatory School, Bristol, Connecticut, has been notified of his acceptance to both Aldephi and Long Island University.

Steve, who finished high on this past quarter's Cum Laude List, is presently a member of the Laurelcrest baseball squad.

EXPRESS THANKS

We wish to express our gratitude to friends and neighbors for their kindness and the many cards of sympathy received during our late bereavement.

The Family of the late
Henry F. Pallatroni.

Special additive in today's Shell Heating Oil helps give more warmth per gallon, top heating performance

There's a new additive in today's Shell Heating Oil. Called FOA-5X, this Shell product works round the clock to protect your fuel system-from storage tank to burner head. FOA-5X helps reduce build up of heat-robbing deposits that can collect in critical areas of your burner. It lets Shell Heating Oil burn in a radiant, even flame. It helps reduce service calls and expense. The result: more warmth per gallon of fuel-top performance at minimum cost. Before you buy your next gallon of heating oil, call us. We will give you complete details about Shell Heating Oil with FOA-5X and about our service.

LOCAL RESIDENT RECEIVES DEGREE FROM BROWN

Brown University awarded degrees to 731 senior at the university's 197th annual commencement on Monday, June 7th.

The graduates included 517 men from the College and 214 women from Pembroke, Brown's coordinate college for women.

In keeping with a tradition nearly 200 years old, the graduating classes marched down College Hill with alumni and faculty members for commencement exercises in the First Baptist Meeting House, the oldest Baptist church in America. They then marched back to the College Green for the awarding of degrees.

The commencement ceremony marked the end of a year-long celebration of Brown's bicentennial. The university, which is the nation's seventh oldest, was founded in 1764.

A student from the local area who received his degree was Bruce A. Pehrson of 75 North Street, Mattapoisett. A graduate of Highland Falls High School in Highland Falls, New York, he received the Bachelor of Arts degree in history. While at Brown, he was a member of the University Christian Association, was elected to the 1965 Class Cabinet, and was a member of Brown Youth Guidance, a service organization working with underprivileged youth in the Providence area.

MARINE MILITARY ACADEMY
HARLINGEN, TEXAS

The nation's first private school to be created on the principles and traditions of the U. S. Marine Corps--the Marine Military Academy--will open for classes at Harlingen in September, 1965.

The announcement of opening was made by General Vernon E. Megee, USMC (Ret), Academy president. Applications for enrollment are being accepted now, General Megee said.

Situated on a 140-acre campus in this near tropical Rio Grande Valley City, the Academy offers high school level education in grades 9 through 12. The curriculum will be that of a basic college preparatory course with the added military and physical training that is traditional to the Marine Corps.

Although the non-profit school has no official government sponsorhip or connection, it has received commendation and endorsement from many high military and government leaders.

The staff and faculty will be composed predominately of former Marines with outstanding academic qualifications. Dr. William D. Masters, Lt. Colonel, USMC (Ret), presently principal of Canton, Illinois High School, has been selected as academic head.

Serving on the Academy's advisory board are many nationally prominent people. Included among them are Admiral Arleigh Burke, USN (Ret), Former Chief of Naval Operations; General Mark Clark, USA (Ret), now president of The Citadel; General Clifton B. Cates, USMC (Ret), former commandant of the U. S. Marine Corps; Brig. General R. E. Shell, USMC (Ret), president of Virginia Military Institute; General Robert W. Harper, USAF (Ret); General E. A.

Joe Oliva AND ACCORDION, SUNDAY NIGHT

Enjoy yourself to the fullest in the relaxing atmosphere of the Bourne Mill. Excellent food, as always. Cocktails in the lounge or with your dinner.

Pollock, USMC (Ret), one of the founders; General Holland M. Smith, USMC (Ret); Lt. General E. W. Snedeker, USMC (Ret) and Major General Delmar T. Spivey, USAF (Ret), superintendent of Culver Military Academy.

The program of academics will be broad enough to cover a wide spectrum of student abilities and interests. The objective of the Academy, as stated by General Megee, is "To prepare young men for further education in civilian or military careers". The Academy "not only will emphasize academics, but also devote itself to development of character, leadership and patriotism", he added.

The school is opening with 27 modern air conditioned buildings erected at an original cost of $3,000,000 and adequate to serve a student body of 900.

Applications for enrollment are now being accepted. Requests for catalogues, information and application forms should be addressed to: Marine Military Academy, 320 Iwo Jima Boulevard, Harlingen, Texas.

TOWN MEETING

A special Town Meeting in Mattapoisett will be held Monday, June 14, at the Old Rochester Regional High School auditorium at 7 P.M.
